Antonio miller
Securing Democracy

AMACOM

The central role that effective governance plays in the economic and social development of a country is widely recognized. Using the example of the Commonwealth countries of eastern and southern Africa, this book analyzes the key issues in the process of developing, strengthening and consolidating the state's capacity to ensure the effective governance of its peoples. The book draws attention to the problems of constitutionalism and

critically addresses legal issues involved in making constitutions "work" in practice.

Biometrics and Identity Management St. Martin's Press

When you find the career that fits your personality, you'll discover that the work hours you once begrudged with every fiber of your being now bring you tremendous satisfaction and success. Is your job just a way to pay the bills? Are you a drudge Monday through Friday only so you can be more yourself on

Saturday? It doesn't have to be this way! Never before in history has there been such an eclectic variety of money-making opportunities and cutting-edge vocations than there are in today's marketplace. There is no need to settle! Career Match contains the ten-minute self-assessment that can change your life. After a simple quiz to determine your personality style, turn to the corresponding chapter that reads as if it was written just for you and discover what ideal work

options there are for you. In this invaluable resource for all personalities, you will learn how to: Identify career choices that will exhilarate you Recognize the type of work environment and boss you need to thrive Learn to leverage your natural strengths Customize and speed your job search This second edition has been updated to include trending new careers in areas such as gaming, web design, alternative energy, cybersecurity, food science, and more. Whether you are a recent

graduate looking for direction or a burned-out veteran seeking new inspiration, Career Match will help you match who you are with what you're meant to do--with a success rate vastly greater than that of your typical match maker! The Crime of Aggression Routledge A gripping behind-the-scenes account of the dramatic legal fight to hold leaders personally responsible for aggressive war On July 17, 2018, starting an unjust war became a prosecutable

international crime alongside genocide, crimes against humanity, and war crimes. Instead of collective state responsibility, our leaders are now personally subject to indictment for crimes of aggression, from invasions and preemptions to drone strikes and cyberattacks. The Crime of Aggression is Noah Weisbord's riveting insider's account of the high-stakes legal fight to enact this historic legislation and hold politicians accountable for the wars they start.

Weisbord, a key drafter of the law for the International Criminal Court, takes readers behind the scenes of one of the most consequential legal dramas in modern international diplomacy. Drawing on in-depth interviews and his own invaluable insights, he sheds critical light on the motivations of the prosecutors, diplomats, and military strategists who championed the fledgling prohibition on unjust war—and those who tried to sink it. He untangles the complex

history behind the measure, tracing how the crime of aggression was born at the Nuremberg trials only to fall dormant during the Cold War, and he draws lessons from such pivotal events as the collapse of the League of Nations, the rise of the United Nations, September 11, and the war on terror. The power to try leaders for unjust war holds untold promise for the international order, but also great risk. In this incisive and vitally important book, Weisbord explains how judges in

such cases can balance the imperatives of justice and peace, and how the fair prosecution of aggression can humanize modern statecraft.

The Enforcement of Intellectual Property Rights: A Case Book

Oxford University Press
For twelve years Robert Blecker, a criminal law professor, wandered freely inside Lorton Central Prison, armed only with cigarettes and a tape recorder. The Death of Punishment tests legal philosophy against the reality and wisdom of

street criminals and their guards. Some killers' poignant circumstances should lead us to mercy; others show clearly why they should die. After thousands of hours over twenty-five years inside maximum security prisons and on death rows in seven states, the history and philosophy professor exposes the perversity of justice: Inside prison, ironically, it's nobody's job to punish. Thus the worst criminals often live the best lives. The Death of Punishment challenges the reader to refine

deeply held beliefs on life and death as punishment that flare up with every news story of a heinous crime. It argues that society must redesign life and death in prison to make the punishment more nearly fit the crime. It closes with the final irony: If we make prison the punishment it should be, we may well abolish the very death penalty justice now requires.

Dukagjinit Psychology Press

With this publication, WIPO and the author aim

at making available for judges, lawyers and law enforcement officials a valuable tool for the handling of intellectual property cases. To that effect, the case book uses carefully selected court decisions drawn from various countries with either civil or common law traditions. The extracts from the decisions and accompanying comments illustrate the different areas of intellectual property law, with an emphasis on matters that typically arise in connection with the

enforcement of intellectual property rights in civil as well as criminal proceedings.

Comparative Constitutionalism and Good Governance in the Commonwealth
Cambridge University Press

This book examines the most recent trends in the constitutional and legal regulations in all Latin American countries regarding the amparo proceeding. It analyzes the regulations of the seventeen amparo statutes in force in Latin

America, as well as the regulation on the amparo guarantee established in Article 25 of the American Convention of Human Rights.

A Common Law Theory of Judicial Review Springer Science & Business Media
Neither the morality of human rights nor its relation to the law of human rights is well understood. In this book, Michael Perry addresses three large issues. There is undeniably a religious ground - indeed, more than one religious ground - for the morality of

human rights. But is there a secular ground for the morality of human rights? What is the relation between the morality of human rights and the law of human rights? Perry here addresses the controversial issues of capital punishment, abortion, and same-sex unions. What is the proper role of courts, in a liberal democracy, in protecting - and therefore in interpreting - constitutionally entrenched human rights? In considering this question, special attention

is paid to the Supreme Court and how it should rule on issues such as capital punishment and abortion. Toward a Theory of Human Rights makes a significant contribution both to human rights studies and to constitutional theory.

UNMIK as an International Governance in Post-war

Kosova Appetite by

Random House

"The pace is lively, the sexual tension palpable and the love story perfectly delightful. Fun and touching, this magical read is a keeper." —RT

Book Reviews, 4 1/2 Stars, Top Pick! Everyone warned Lady Susanna about Gideon, but where has playing by the rules ever gotten her? Enticed by his "no compromises" approach to life, Susanna follows Gideon into London's dark underworld. When excitement turns to danger, Susanna must decide what price she's willing to pay...for the love of a reformed thief. Gideon Harrow has spent his life in London's dark underworld—and he wants out. A thief and a con, he plans one last

heist to finally win his freedom. But when everything goes wrong, he finds himself at the tender mercies of one of Society's most untouchable women—Lady Susanna Derring. Susanna has spent her life in London's glittering ton, under the thumb of a domineering mother—and she wants out. When a wickedly charming rogue lands at her feet, she jumps at the chance to experience life before it's too late. But as she descends into London's underworld, she

finds that nothing— not even Gideon—is as it seems. As excitement turns to danger, Susanna must decide what price she's willing to pay...for the love of a reformed thief. Covent Garden Cubs Series: Earls Just Want to Have Fun (Book 1) The Rogue You Know (Book 2) I Kissed a Rogue (Book 3) Praise for Love and Let Spy, an RT Book Reviews Top Pick: "Splendid... an absolutely sublime love story... infused with beautiful, tender, and touching moments."
—Fresh Fiction "An utterly

wonderful historical romance." —Books of Love
Political Marketing and Communication Simon and Schuster
The second edition of the Criminal Law Sourcebook has been significantly expanded in order to provide law students with a comprehensive selection of key materials drawn from law reports, statutes, Law Commission Consultation Papers and Reports, and Home Office publications. The materials reflect the range of topics taught on

the vast majority of undergraduate and CPE criminal law modules, and provide a platform from which the reader can embark upon a more critical evaluation of both theory and doctrine. Extensive extracts are included from a number of recent landmark rulings, including decisions by the House of Lords in *B v DPP* (defence of mistake), *R v Smith* (objective test for the defence of provocation), *R v Hinks* (whether the recipient of a gift can be a thief), and *R v Powell and Daniels*; *R*

v English (scope of accessory liability for murder), and the Court of Appeal's ruling in *In Re A* (conjoined twins). Recent statutory initiatives that have been incorporated include the Protection from Harassment Act 1997, the Criminal Justice (Terrorism and Conspiracy) Act 1998, and the Sexual Offences (Amendment) Act 2000. The impact of the Human Rights Act 1998, in so far as it relates to substantive criminal law, is also covered. Substantial extracts are provided

from all relevant Law Commission and Home Office law reform publications. In addition to the draft Criminal Code Bill, materials have been selected dealing with reform of sexual offences, consent, conspiracy to defraud, deception offences, offences against the person, accessory liability and involuntary manslaughter.

The American Language of Rights

Yale University Press
Exposes how a global communication and political marketing

process can truly help political leaders to master the steps needed to adapt their communication to the evolution of society. The book undertakes a systematic and new approach to the matter, following a political science route.

Finding Elizabeth
University Press of Kentucky

After a lifetime in the bright lights and the big city as a prima ballerina, Katherine Bell has finally returned home to her small, snowy town where the weather might be

frightful, but her friends and family are delightful. She's ready for a quiet life using her skills and knowledge to help her community. But things aren't as simple as she hoped. There's a blizzard outside, a daredevil girlfriend in her house, and a persistent, sexy Australian called Jack Riley who needs to be kept at arm's length. And something sinister has stalked her to her snowy hideaway...

Von Savigny's Treatise on Possession HarperCollins Australia

The guarantee of free speech enshrined in the U.S. Bill of Rights draws upon two millennia of Western thought about the value and necessity of free inquiry. Acclaimed legal scholar George Anastaplo traces the philosophical development of the idea of free inquiry from Plato's *Apology to Socrates* to John Milton's *Areopagitica*. He describes how these seminal texts and others by such diverse thinkers as St. Paul, Thomas More, and John Stuart Mill influenced the formation

and the earliest applications of the First Amendment. Anastaplo also focuses on the critical free speech implications of a dozen Supreme Court cases and shows how First Amendment interpretations have evolved in response to modern events. *Reflections on Freedom of Speech and the First Amendment* grounds its vision of America's most basic freedoms in the intellectual traditions of Western political philosophy, providing crucial insight into the

legal challenges of the future through the lens of the past.

Higher Education in

Albania Springer

"If you've got nothing to hide," many people say, "you shouldn't worry about government surveillance." Others argue that we must sacrifice privacy for security. But as Daniel J. Solove argues in this important book, these arguments and many others are flawed. They are based on mistaken views about what it means to protect privacy

and the costs and benefits of doing so. The debate between privacy and security has been framed incorrectly as a zero-sum game in which we are forced to choose between one value and the other. Why can't we have both? In this concise and accessible book, Solove exposes the fallacies of many pro-security arguments that have skewed law and policy to favor security at the expense of privacy. Protecting privacy isn't fatal to security measures; it merely

involves adequate oversight and regulation. Solove traces the history of the privacy-security debate from the Revolution to the present day. He explains how the law protects privacy and examines concerns with new technologies. He then points out the failings of our current system and offers specific remedies. Nothing to Hide makes a powerful and compelling case for reaching a better balance between privacy and security and reveals why doing so is essential to protect our freedom

and democracy"--Jacket.
Inter-Municipal Cooperation in Europe
 Springer
 This book presents an overview of inter-municipal cooperation in eight European countries. Each country study sketches its attendant forms, their institutional design, the tasks and competencies attributed to joint authorities of municipalities and the way inter-municipal cooperation operates in practice. Both performance and democratic aspects of

cooperation are recurring topics.
Kafka's Law Cambridge University Press
 "Constitution of the Republic of Kosovo" by Constitutional Commission of the Republic of Kosovo. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be

read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.
Understanding MARC Bibliographic Council of Europe
 Richard A. Primus examines three crucial periods in American history (the late eighteenth century, the civil war and the 1950s

and 1960s) in order to demonstrate how the conceptions of rights prevailing at each of these times grew out of reactions to contemporary social and political crises. His innovative approach sees rights language as grounded more in opposition to concrete social and political practices, than in the universalistic paradigms presented by many political philosophers. This study demonstrates the potency of the language of rights throughout American history, and

looks for the first time at the impact of modern totalitarianism (in Nazi Germany and the Soviet Union) on American conceptions of rights. The American Language of Rights is a major contribution to contemporary political theory, of interest to scholars and students in politics and government, constitutional law, and American history. **Kosovo** Cambridge University Press
"[This book provides a] history of special prosecutors in American

politics. For more than a century, special prosecutors have struck fear into the hearts of presidents, who have the power to fire them at any time. How could this be, [the author] asks? And how could the nation entrust such a high responsibility to such subordinate officials? [The author] demonstrates that special prosecutors can do much to protect the rule of law under the right circumstances. Many have been thwarted by the formidable challenges of investigating a sitting

president and his close associates; a few have abused the powers entrusted to them. But at their best, special prosecutors function as catalysts of democracy, channeling an unfocused popular will to safeguard the rule of law. By raising the visibility of high-level misconduct, they enable the American people to hold the president accountable. Yet, if a president thinks he can fire a special prosecutor without incurring serious political damage, he has the power to do so.

Ultimately, [the author] concludes, only the American people can decide whether the President is above the law."--
Spies for Hire Cambridge University Press
 In this study, W. J. Waluchow argues that debates between defenders and critics of constitutional bills of rights presuppose that constitutions are more or less rigid entities. Within such a conception, constitutions aspire to establish stable, fixed points of agreement and

pre-commitment, which defenders consider to be possible and desirable, while critics deem impossible and undesirable. Drawing on reflections about the nature of law, constitutions, the common law, and what it is to be a democratic representative, Waluchow urges a different theory of bills of rights that is flexible and adaptable. Adopting such a theory enables one not only to answer to critics' most serious challenges, but also to appreciate the role

that a bill of rights, interpreted and enforced by unelected judges, can sensibly play in a constitutional democracy.

The Soup Sisters Cookbook WIPO
Provides the first systematic comparative analysis of Southern

Europe's development towards democratic consolidation, looking particularly at Greece, Spain, Portugal and Italy.
