Dead or Alive (Skulduggery Pleasant, Book 14) HarperCollins UK

In A Free Man of Color and Sold Down the River, Benjamin January guided readers through the seductive maze of New Orleans' darkest quarters. Now January joins the orchestra of the city's top opera house — only to become enmeshed in a web of hate and greed more murderous than any drama onstage. In 1835, the cold February streets glitter with masked revelers in Carnival costumes. An even more brilliant display is promised at the American Theater, where impresario Lorenzo Belaggio has brought the first Italian opera to town. But it's pitch-black in the muddy alley outside the stage door when Benjamin January, coming from rehearsal with the orchestra, hears a slurred whisper, sees the flash of a knife, and is himself wounded as he rescues Belaggio from a vicious attack. The bombastic impresario first accuses two of his tenors, then suspects his rival, the manager of New Orleans' other opera company. Could competition for audiences really provoke such violent skulduggery? Or has Belaggio taken too many chances in the catfight between two sopranos, one superseded by the other as his mistress and his prima donna? But burning in January's mind and heart is a darker possibility. The opera Belaggio plans to present — a magnificent version of Othello — strikes a shocking chord in this culture. Is the murderous tragedy of the noble Moor and his lady, the spectacle of a black man's passion for a white beauty, one that some Creole citizen — or American parvenu — would do anything to keep off the stage? Bloody threats and voodoo signs, poison and brutal murder seem to implicate many strange bedfellows. And Benjamin must discover who — in rage, retribution, or an insidious new commerce in this beautiful cutthroat city — will kill and kill ... and who will Die Upon a Kiss.

Skulduggery Pleasant: Playing with Fire Loewe Verlag

e emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhart's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.
