As Nadzah grew up, he watched his city decay around him. Then, one day, a violent surge of insight revealed that his broken city signified a far deeper crisis: his entire culture was dying. Now, his understanding drives him into the wilderness. Forsaking everything that he knows, he tries to regain a glorious past, long forgotten. Only after agonizing failures does he realize that he must find salvation within himself. If he is to save himself and his society, he must confront his inner self and the deepest questions of human existence. Job's simple life was destroyed the day that he was attacked. Slowly, he recognizes that he can never return to his sheltered way of life. He has seen suffering, now, but where can he look to find joy? The Rebirth of Greatness tells of the search for meaning, along two very different paths. It is a journey through nature, human thought, and the struggle for understanding.

"Riverby" is a book written by American naturalist John Burroughs, first published in 1904. It was written at Burroughs' estate of the same name, which is located on the west bank of the Hudson river, in Ulster County, New York. There, he also wrote "Fresh Fields" (1884), "Signs and Seasons" (1886), and "Indoor Studies" (1889). This fantastic volume constitutes a must-read for fans and lovers of nature writing, and it is not to be missed by collectors of Burroughs' seminal work. John Burroughs (1837 - 1921) was an American naturalist, essayist, and active member of the U.S. conservation movement. Burroughs' work was incredibly popular during his lifetime, and his legacy has lived on in the form of twelve U.S. Schools named after him, Burroughs Mountain, and the John Burroughs Association—which publicly recognizes well-written and illustrated natural history publications. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.
