---

**Rough Draft** Atlantic Monthly Press  
During World War I the U.S. demanded

that all able-bodied men work or fight. White men who were husbands and fathers, owned property or worked at approved jobs had the benefits of citizenship without fighting. Others were often barred from achieving these benefits. This book tells the stories of those affected by the Selective Service System.

### Civil War Boston Catapult

Ready to write your book? So why haven't you done it yet? If you're like most nonfiction authors, fears are holding you back. Sound familiar? Is my idea good enough? How do I structure a book? What exactly are the steps to write it? How do I stay motivated? What if I actually finish it, and it's bad? Worst of all: what if I publish it, and no one cares? How do I know if I'm even doing

the right things? The truth is, writing a book can be scary and overwhelming—but it doesn't have to be. There's a way to know you're on the right path and taking the right steps. How? By using a method that's been validated with thousands of other Authors just like you. In fact, it's the same exact process used to produce dozens of big bestsellers—including David Goggins's *Can't Hurt Me*, Tiffany Haddish's *The Last Black Unicorn*, and Joey Coleman's *Never Lose a Customer Again*. The Scribe Method is the tested and proven process that will help you navigate the entire book-writing process from start to finish—the right way. Written by 4x New York Times Bestselling Author Tucker Max and publishing expert Zach Obront, you'll

learn the step-by-step method that has helped over 1,500 authors write and publish their books. Now a Wall Street Journal Bestseller itself, *The Scribe Method* is specifically designed for business leaders, personal development gurus, entrepreneurs, and any expert in their field who has accumulated years of hard-won knowledge and wants to put it out into the world. Forget the rest of the books written by pretenders. This is the ultimate resource for anyone who wants to professionally write a great nonfiction book.

**The New York City Draft Riots of 1863 and Class Relations on the Eve of Industrial Capitalism** Vernon Press

A career-spanning selection of the legendary reporter David Carr's writing for the New York Times, Washington City

Paper, New York Magazine, the Atlantic, and more. Throughout his 25-year journalistic career, David Carr was noted for his sharp and fearless observations, his uncanny sense of fairness and justice, and his remarkable compassion and wit. His writing was informed both by his own hardships as an addict, and his intense love of the journalist's craft. His range--from media politics to national politics, from rock 'n' roll celebrities to the unknown civil servants who make our daily lives function--was broad and often timeless. Whether he was breaking exclusives about Amazon or mourning Philip Seymour Hoffman's death or taking aim at editors who valued political trivia over substance, Carr's voice and concerns remain enormously influential and relevant. In

these hundred or so articles, from a range of publications, we read his stories with fresh eyes. Edited by his widow, Jill Rooney Carr, and with an introduction written by one of the many journalists David Carr mentored and promoted, Tanehisi Coates, *Final Draft* is a singular event in the world of writing news, an art increasingly endangered in these troubled times.

The Devil's Own Work Carolrhoda Lab® Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known,

was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

**The Federalist Papers** Farrar, Straus and Giroux  
INSTANT NEW YORK TIMES BESTSELLER  
“It’s a hell of a story.” —The New York Times  
“A stunning and revelatory memoir.” —Oprah Daily From MSNBC anchor and New York Times bestselling author Katy Tur, a shocking and deeply

personal memoir about a life spent chasing the news. “By the time I was two years old, I knew to yell ‘Story! Story!’ at the squawks of my parents’ police scanner. By four, I could hold a microphone and babble my way through a kiddie news report. By the time I was in high school, though, my parents had lost it all. Their marriage. Their careers. Their reputations.” When a box from her mother showed up on Katy Tur’s doorstep, months into the pandemic and just as she learned she was pregnant with her second child, she didn’t know what to expect. The box contained thousands of hours of video—the work of her pioneering helicopter journalist parents. They grew rich and famous for their aerial coverage of Madonna and Sean Penn’s secret wedding, the

Reginald Denny beating in the 1992 Los Angeles riots, and O.J. Simpson’s notorious run in the white Bronco. To Tur, these family videos were an inheritance of sorts, and a reminder of who she was before her own breakout success as a reporter. In *Rough Draft*, Tur writes about her eccentric and volatile California childhood, punctuated by forest fires, earthquakes, and police chases—all seen from a thousand feet in the air. She recounts her complicated relationship with a father who was magnetic, ambitious, and, at times, frightening. And she charts her own survival from local reporter to globe-trotting foreign correspondent, running from her past. Tur also opens up for the first time about her struggles with burnout and impostor syndrome, her

stumbles in the anchor chair, and her relationship with CBS Mornings anchor Tony Dokoupil (who quite possibly had a crazier childhood than she did). Intimate and captivating, *Rough Draft* explores the gift and curse of family legacy, examines the roles and responsibilities of the news, and asks the question: To what extent do we each get to write our own story?

### **Lincoln's Lie** General Books

The very letters of the two words seem, as they are written, to redden with the blood-stains of unavenged crime. There is Murder in every syllable, and Want, Misery and Pestilence take startling form and crowd upon the imagination as the pen traces the words." So wrote a reporter about Five Points, the most infamous neighborhood in nineteenth-

century America, the place where "slumming" was invented. All but forgotten today, Five Points was once renowned the world over. Its handful of streets in lower Manhattan featured America's most wretched poverty, shared by Irish, Jewish, German, Italian, Chinese, and African Americans. It was the scene of more riots, scams, saloons, brothels, and drunkenness than any other neighborhood in the new world. Yet it was also a font of creative energy, crammed full of cheap theaters and dance halls, prizefighters and machine politicians, and meeting halls for the political clubs that would come to dominate not just the city but an entire era in American politics. From Jacob Riis to Abraham Lincoln, Davy Crockett to Charles Dickens, Five Points both

horrified and inspired everyone who saw it. The story that Anbinder tells is the classic tale of America's immigrant past, as successive waves of new arrivals fought for survival in a land that was as exciting as it was dangerous, as riotous as it was culturally rich. Tyler Anbinder offers the first-ever history of this now forgotten neighborhood, drawing on a wealth of research among letters and diaries, newspapers and bank records, police reports and archaeological digs. Beginning with the Irish potato-famine influx in the 1840s, and ending with the rise of Chinatown in the early twentieth century, he weaves unforgettable individual stories into a tapestry of tenements, work crews, leisure pursuits both licit and otherwise, and riots and political brawls that never seemed to let

up. Although the intimate stories that fill Anbinder's narrative are heart-wrenching, they are perhaps not so shocking as they first appear. Almost all of us trace our roots to once humble stock. Five Points is, in short, a microcosm of America.

#### Final Draft Anchor

This book provides a concise but thorough summary of how the selective service system worked from 1965 through 1973, and also demonstrates how this selective process, during a highly unpopular war, steered major life choices of millions of young men seeking deferrals based on education, occupation, marital and family status, sexual orientation, and more. This book explains each category of deferral and its resulting “ripple effect” across

society. Putting a human face on these sociological trends, the book also includes a number of brief personal anecdotes from men in each category, told from a remove of 40 years or more, when the lifelong effects of youthful decisions prompted by the draft have become evident. There are few books which address the military draft of the Vietnam years, most notably CHANCE AND CIRCUMSTANCE: The Draft, the War and the Vietnam Generation, by Baskir and Strauss (1978). This early study of draft-age men discusses how they were socially channeled by the selective service system. RANDOM DESTINY follows up on this premise and draws from numerous later studies of men in the lottery pool, to create the definitive portrait of the draft and its long-term

personal and social effects. RANDOM DESTINY presents an in-depth explanation of the selective service system in its final years. It also provides a comprehensive yet personal portrait of how the draft and the lottery steered a generation of young lives into many different paths, from combat to conscientious objection, from teaching to prison, from the pulpit to the Canadian border, from public health to gay liberation. It is the only recent book which demonstrates how American military conscription, in the time of an unpopular war, profoundly influenced a generation and a society over the decades that followed.

[The Draft Riots in New York, July, 1863](#)

Lioncrest Publishing

The long-awaited guide to writing long-form nonfiction by the legendary author and teacher Draft No. 4 is a master class on the writer's craft. In a series of playful, expertly wrought essays, John McPhee shares insights he has gathered over his career and has refined while teaching at Princeton University, where he has nurtured some of the most esteemed writers of recent decades.

McPhee offers definitive guidance in the decisions regarding arrangement, diction, and tone that shape nonfiction pieces, and he presents extracts from his work, subjecting them to wry scrutiny. In one essay, he considers the delicate art of getting sources to tell you what they might not otherwise reveal. In another, he discusses how to use flashback to place a bear encounter in a travel narrative while observing that “readers are not supposed to notice the structure. It is meant to be about as visible as someone’s bones.” The result is a vivid depiction of the writing process, from reporting to drafting to revising—and revising, and revising. Draft No. 4 is enriched by multiple diagrams and by personal anecdotes and charming reflections on the life of a

writer. McPhee describes his enduring relationships with *The New Yorker* and Farrar, Straus and Giroux, and recalls his early years at *Time* magazine.

Throughout, Draft No. 4 is enlivened by his keen sense of writing as a way of being in the world.

Field of Schemes Pickle Partners Publishing

A thrilling dive into the little-known, darker side of a revered president’s history, *Lincoln’s Lie* untangles the threads behind a mysterious 1864 newspaper article to reveal how Lincoln manipulated the media during the Civil War, shining new light onto today’s issues of fake news and presidential conflict with the press. In 1864, during the bloodiest days of the Civil War, two newspapers published a call, allegedly

authored by President Lincoln, for the immediate conscription of 400,000 more Union soldiers. New York streets erupted in pandemonium. Wall Street markets went wild. When Lincoln sent troops to seize the newspaper presses and arrest the editors, it became clear: The proclamation was a lie. Who put out this fake news? Was it a Confederate spy hoping to incite another draft riot? A political enemy out to ruin the president in an election year? Or was there some truth to the proclamation—far more truth than anyone suspected? Unpacking this overlooked historical mystery for the first time, journalist Elizabeth Mitchell takes readers on a dramatic journey from newspaper offices filled with heroes and charlatans to the haunted White House confinement of Mary Todd

Lincoln, from the packed pews of the celebrated preacher Reverend Henry Ward Beecher's Plymouth Church to the War Department offices in the nation's capital and a Grand Jury trial. In Lincoln's Lie, Mitchell brings to life the remarkable story of the manipulators of the news and why they decided to play such a dangerous game during a critical period of American history. Her account of Lincoln's troubled relationship to the press and its role in the Civil War is one that speaks powerfully to our current political crises: fake news, profiteering, Constitutional conflict, and a president at war with the press.

**Five Points** BoD - Books on Demand  
 Reproduction of the original: The Red Record by Ida B. Wells-Barnett  
**Rough Draft** Palgrave Macmillan

From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott’s hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne’s father—also a writer—in the iconic passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he’d had three months to write. It was due the next day. We were out at our family cabin in Bolinas,

and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother’s shoulder, and said, ‘Bird by bird, buddy. Just take it bird by bird.’”

Bird by Bird University Press of New England

This historic book may have numerous typos, missing text or index. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. 1863. Not illustrated. Excerpt: ... Capt. Warlow awards to his men the highest praise as prompt, willing, courageous. Sergt. Babcock, who was absent, on hearing of the riot, returned and reported for duty before expiration

of leave. On the morning of the 14th, in Second Avenue, the fighting was very severe, gun and pistol shots and missiles of all kinds being hurled from the buildings on to the police. In the charge ordered by Inspector Carpenter into the houses, up and on to their roofs, the First Precinct were prominent. To reach the rioters overhead was a perilous task; the scuttles were narrow; six determined men could have kept five hundred at bay; but a portion of the force made a rush, and soon gained the roofs, where a hand-to-hand conflict ensued; in every instance the rioters were knocked senseless; others searched the rooms. Rioters in their fright dropped from second and third story windows, some escaping unharmed, others receiving fearful injuries. Four of the rioters fled

into a yard, and took shelter in an out-house. They were well armed, and how to get them out was the question. Assailing their shelter would be certain death. At length an ingenious plan was adopted to dislodge them. A large coping-stone, from the roof of the house overtopping it, was dropped on the out-house, demolishing one side and uncovering the refugees, who on the instant were assailed by the police in waiting, and rendered powerless for good or evil. During this exciting and terrible fight Capt. Warlow was struck on the foot with a stone, and two of his toes mashed badly, but he continued, thus crippled, on duty. On the evening of the 14th, when Brooks Brothers' clothing store was attacked, and thirty of this precinct served in its defence, all the

street lamps in the vicinity were turned out, and the lights ...

City of Sediton Wentworth Press

WINNER OF THE FLETCHER PRATT

AWARD FOR BEST NON-FICTION BOOK

OF 2016 In a single definitive narrative, CITY OF SEDITION tells the spellbinding story of the huge-and hugely conflicted-role New York City played in the Civil War. No city was more of a help to Abraham Lincoln and the Union war effort, or more of a hindrance. No city raised more men, money, and materiel for the war, and no city raised more hell against it. It was a city of patriots, war heroes, and abolitionists, but simultaneously a city of antiwar protest, draft resistance, and sedition. Without his New York supporters, it's highly unlikely Lincoln would have made it to

the White House. Yet, because of the city's vital and intimate business ties to the Cotton South, the majority of New Yorkers never voted for him and were openly hostile to him and his politics. Throughout the war New York City was a nest of antiwar "Copperheads" and a haven for deserters and draft dodgers. New Yorkers would react to Lincoln's wartime policies with the deadliest rioting in American history. The city's political leaders would create a bureaucracy solely devoted to helping New Yorkers evade service in Lincoln's army. Rampant war profiteering would create an entirely new class of New York millionaires, the "shoddy aristocracy." New York newspapers would be among the most vilely racist and vehemently antiwar in the country. Some editors

would call on their readers to revolt and commit treason; a few New Yorkers would answer that call. They would assist Confederate terrorists in an attempt to burn their own city down, and collude with Lincoln's assassin. Here in CITY OF SEDITION, a gallery of fascinating New Yorkers comes to life, the likes of Horace Greeley, Walt Whitman, Julia Ward Howe, Boss Tweed, Thomas Nast, Matthew Brady, and Herman Melville. This book follows the fortunes of these figures and chronicles how many New Yorkers seized the opportunities the conflict presented to amass capital, create new industries, and expand their markets, laying the foundation for the city's-and the nation's-growth.  
*Riot* University of Chicago Press

To European explorers, it was Eden, a paradise of waist-high grasses, towering stands of walnut, maple, chestnut, and oak, and forests that teemed with bears, wolves, raccoons, beavers, otters, and foxes. Today, it is the site of Broadway and Wall Street, the Empire State Building and the Statue of Liberty, and the home of millions of people, who have come from every corner of the nation and the globe. In Gotham, Edwin G. Burrows and Mike Wallace have produced a monumental work of history, one that ranges from the Indian tribes that settled in and around the island of Manna-hata, to the consolidation of the five boroughs into Greater New York in 1898. It is an epic narrative, a story as vast and as varied as the city it chronicles, and it underscores that the

history of New York is the story of our nation. Readers will relive the tumultuous early years of New Amsterdam under the Dutch West India Company, Peter Stuyvesant's despotic regime, Indian wars, slave resistance and revolt, the Revolutionary War and the defeat of Washington's army on Brooklyn Heights, the destructive seven years of British occupation, New York as the nation's first capital, the duel between Aaron Burr and Alexander Hamilton, the Erie Canal and the coming of the railroads, the growth of the city as a port and financial center, the infamous draft riots of the Civil War, the great flood of immigrants, the rise of mass entertainment such as vaudeville and Coney Island, the building of the Brooklyn Bridge and the birth of the

skyscraper. Here too is a cast of thousands--the rebel Jacob Leisler and the reformer Joanna Bethune; Clement Moore, who saved Greenwich Village from the city's street-grid plan; Herman Melville, who painted disillusioned portraits of city life; and Walt Whitman, who happily celebrated that same life. We meet the rebel Jacob Leisler and the reformer Joanna Bethune; Boss Tweed and his nemesis, cartoonist Thomas Nast; Emma Goldman and Nellie Bly; Jacob Riis and Horace Greeley; police commissioner Theodore Roosevelt; Colonel Waring and his "white angels" (who revolutionized the sanitation department); millionaires John Jacob Astor, Cornelius Vanderbilt, August Belmont, and William Randolph Hearst; and hundreds more who left their mark

on this great city. The events and people who crowd these pages guarantee that this is no mere local history. It is in fact a portrait of the heart and soul of America, and a book that will mesmerize everyone interested in the peaks and valleys of American life as found in the greatest city on earth. Gotham is a dazzling read, a fast-paced, brilliant narrative that carries the reader along as it threads hundreds of stories into one great blockbuster of a book.

*An Act for Enrolling and Calling Out the National Forces, and for Other Purposes*  
Houghton Mifflin

**The Rise of the G.I. Army,  
1940-1941** Palala Press

Rough Draft draws the curtain on the race and class inequities of the Selective Service during the Vietnam War. Amy J. Rutenberg argues that policy makers' idealized conceptions of Cold War middle-class masculinity directly affected whom they targeted for conscription and also for deferment. Federal officials believed that college

educated men could protect the nation from the threat of communism more effectively as civilians than as soldiers. The availability of deferments for this group mushroomed between 1945 and 1965, making it less and less likely that middle-class white men would serve in the Cold War army. Meanwhile, officials used the War on Poverty to target poorer and racialized men for conscription in the hopes that military service would offer them skills they could use in civilian life. As Rutenberg shows, manpower policies between World War II and the Vietnam War had unintended consequences. While some men resisted military service in Vietnam for reasons of political conscience, most did so because manpower policies made it possible. By shielding middle-class breadwinners in

the name of national security, policymakers militarized certain civilian roles—a move that, ironically, separated military service from the obligations of masculine citizenship and, ultimately, helped kill the draft in the United States.

The Great Riots of New York 1712-1873  
Simon and Schuster

As Barnett Schecter dramatically shows in *The Devil's Own Work*, the cataclysm in New York was anything but an isolated incident; rather, it was a microcosm—within the borders of the supposedly loyal northern states—of the larger Civil War between the North and South. The riots erupted over the same polarizing issues—of slavery versus freedom for African Americans and the scope of federal authority over states and individuals—that had torn the nation

apart. And the riots' aftermath foreshadowed the compromises that would bedevil Reconstruction and delay the process of integration for the next 100 years. The story of the draft riots come alive in the voices of passionate newspaper rivals Horace Greeley and Manton Marble; black leader Rev. Henry Highland Garnet and renegade Democrat Fernando Wood; Irish soldier Peter Welsh and conservative diarist Maria Daly; and many others. In chronicling this violent

demonstration over the balance between centralized power and civil liberties in a time of national emergency, *The Devil's Own Work* (Walt Whitman's characterization of the riots) sheds new light on the Civil War era and on the history of protest and reform in America. *In Lieu of a Draft* Knopf Books for Young Readers  
"Alphabetical roster of the 153rd Pennsylvania Volunteer Regiment": [63] pages (2nd group).
