How to be a Woman Vintage

NATIONAL BESTSELLER • From the award-winning author of We Should All Be Feminists and Half of a Yellow Sun—the story of two Nigerians making their way in the U.S. and the UK, raising universal questions of race, belonging, the overseas experience for the African diaspora, and the search for identity and a home. Ifemelu and Obinze are young and in love when they depart military-ruled Nigeria for the West. Beautiful, self-assured Ifemelu heads for America, where despite her academic success, she is forced to grapple with what it means to be black for the first time. Quiet, thoughtful Obinze had hoped to join her, but with post-9/11 America closed to him, he instead plunges into a dangerous, undocumented life in London. Fifteen years later, they reunite in a newly democratic Nigeria, and reignite their passion—for each other and for their homeland.

¿Qué significa ser feminista en el S.XXI? Chimamanda Ngozi Adichie da su respuesta en el célebre discurso Todos deberíamos ser feministas y en el manifiesto Querida Ijeawele. Cómo educar en el feminismo, que se publican conjuntamente en una nueva edición de Lujo limitada. «Feminista es todo aquel hombre o mujer que dice: "Sí, hay un problema con la situación de género hoy en día y tenemos que solucionarlo, tenemos que mejorar las cosas". Y tenemos que mejorarlas entre todos, hombres y mujeres.» Todos deberíamos ser feministas situó a esta escritora nigeriana entre las voces más destacadas del feminismo actual. Con un estilo claro y directo, y sin dejar de lado el humor, esta carismática autora explora el papel de la mujer actual y apunta ideas para hacer de este mundo un lugar más justo. Le sigue Querida Ijeawele, una inspiradora carta a una joven madre que acaba de dar a luz. En sus quince consejos, reivindica la formación de nuestros hijos en la igualdad y el respeto, el amor por los orígenes y la cultura. Una invitación a rechazar estereotipos, a abrazar el fracaso y a luchar por una sociedad más justa. Una bella misiva con reflexiones tan honestas como necesarias que conquistará por igual a madres, padres, hijos e hijas. «Hoy me gustaría pedir que empecemos a soñar con un plan para un mundo distinto. Un mundo más justo. Un mundo de hombres y mujeres más felices y más honestos consigo mismos. Y esta es la forma de empezar: tenemos que criar a nuestras hijas de otra forma. Y también a nuestros hijos.» Reseñas: «Una figura intelectual de calado.» El Mundo «Una escritora universal.» El País «Chimamandaes extremadamente hábil expresando ideas complejas [...], una mujer valiente, directa, con el don de llegar al corazón de las cosas.» Elvira Lindo «Ngozi Adichie no finge, es. No impone, ilumina. Dirige el foco de luz sobre lo que consideramos nimio y lo dilata, lo hace crecer provocando que adopte en segundos una gravedad que no habíamos percibido.» Paula Bonet «Una pensadora y escritora extraordinariamente autoconsciente con la capacidad de criticar nuestra sociedad sin burla ni condescendencia ni polémicas impostadas.» The New York Times «Adichie es una narradora con un estilo claro y sugerente, sin tiempos muertos, de las que enganchan desde el principio de la frase.» El País «Una de las escritoras africanas más prometedoras de su generación.» The Guardian «Sensible y emocionante.» Vogue «Un ensayo conmovedor que debería llegar a todos los estudiantes y profesores para provocar un nuevo debate y concienciar a los más jóvenes y no tan jóvenes.» Kirkus Review «Adichie [tiene] virtuosismo, empatía sin límites y una punzante agudeza social.» Dave Eggers «He aquí una nueva escritora dotada con la habilidad de los antiguos contadores de historias.» Chinua Achebe «Una escritora que tiene mucho que decir.» The Times

Sally Heathcote, Suffragette Knopf

From a beguiling voice in Mexican fiction comes an astonishing novel—her first to be translated into English—about a mysterious child with the power to change a family’s history in a country on the verge of revolution. From the day that old Nana Reja found a baby abandoned under a bridge, the life of a small Mexican town forever changed. Disfigured and covered in a blanket of bees, little

Simonopio is for some locals the stuff of superstition, a child kissed by the devil. But he is welcomed by landowners Francisco and Beatriz Morales, who adopt him and care for him as if he were their own. As he grows up, Simonopio becomes a cause for wonder to the Morales family, because when the uncannily gifted child closes his eyes, he can see what no one else can--visions of all that's yet to come, both beautiful and dangerous. Followed by his protective swarm of bees and living to deliver his adoptive family from threats--both human and those of nature--Simonopio's purpose in Linares will, in time, be divined. Set against the backdrop of the Mexican Revolution and the devastating influenza of 1918, The Murmur of Bees captures both the fate of a country in flux and the destiny of one family that has put their love, faith, and future in the unbelievable.

Argentinian literary star Pola Oloixarac’s visionary new novel races from the world of 19th-century science to an ultra-surveilled near future, exploring humanity’s quest for knowledge and control, and leaping forward to the next steps in human evolution. Canary Islands, 1882: Caught in the 19th-century mania for scientific classification, explorer and plant biologist Niklas Bruun researches Crissia pallida, a species alleged to have hallucinogenic qualities capable of eliminating the psychic limits between one human mind and another. Buenos Aires, 1983: Born to a white Argentinian anthropologist and a black Brazilian engineer, Cassio comes of age with the Internet and becomes a prominent hacker, riding the wave of transformations brought about by distributed networks, mass surveillance, and new flows of globalized capital. The southern Argentinian techno-hub of Bariloche, 2024: A research group works on a project that will allow the Ministry of Genetics to track every movement of the country’s citizens without their knowledge or consent, using sensors that identify DNA at a distance. But the new technology contains within it the seeds of a far more radical transformation of human life and civilization. In a novel of towering ambition, Oloixarac’s complexly intertwining stories reveal the power that resides in the world’s most deeply shadowed spaces.

The Symbolic Order of the Mother Random House

Argues that affirming the irreducible differences between men and women can lead to more transformative politics than the struggle for abstract equality between the sexes. In The Symbolic Order of the Mother Luisa Muraro identifies the bond between mother and child as ontologically fundamental to the development of culture and politics, and therefore as key to achieving truly emancipatory political change. Both corporeal development and language acquisition, which are the sources of all thinking, begin in this relationship. However, Western civilization has been defined by men, and Muraro recalls the admiration and envy she felt for the great philosophers as she strove to become one herself, as well as the desire for independence that opposed her to her mother. This conflict between philosophy and culture on the one hand and the relationship with the mother on the other constitutes the root of patriarchy’s symbolic disorder, which blocks women’s (and men’s) access to genuine freedom. Muraro appeals to the feminist practice of gratitude to the mother and the recognition of her authority as a model of unconditional nurture and support that must be restored. This, she argues, is the symbolic order of the mother that must overcome the disorder of patriarchy. The mediating power of the mother tongue constitutes a symbolic order that comes before all others, for both women and men.

The bestselling exploration of the dimensions of love, marriage, mourning, and kinship from two-time Booker Prize finalist Deborah Levy. A New York Times Notable Book A New York Public Library Best Nonfiction Book of 2018 What does it cost a woman to unsettle old boundaries and collapse the social hierarchies that make her a minor character in a world not arranged to her advantage? This vibrant memoir, a portrait of contemporary womanhood in flux, is an urgent quest to find an unwritten major female character who can exist more easily in the world. Levy considers what it means to live with meaning, value, and pleasure, to seize the ultimate freedom of writing our own

lives, and reflects on the work of such artists and thinkers as Simone de Beauvoir, James Baldwin, Elena Ferrante, Marguerite Duras, David Lynch, and Emily Dickinson. The Cost of Living, longlisted for the Andrew Carnegie Medal in Nonfiction, is crucial testimony, as distinctive, witty, complex, and original as Levy's acclaimed novels.

Simians, Cyborgs and Women is a powerful collection of ten essays written between 1978 and 1989. Although on the surface, simians, cyborgs and women may seem an odd threesome, Haraway describes their profound link as "creatures" which have had a great destabilizing place in Western evolutionary technology and biology. Throughout this book, Haraway analyzes accounts, narratives, and stories of the creation of nature, living organisms, and cyborgs. At once a social reality and a science fiction, the cyborg--a hybrid of organism and machine--represents transgressed boundaries and intense fusions of the nature/culture split. By providing an escape from rigid dualisms, the cyborg exists in a post-gender world, and as such holds immense possibilities for modern feminists. Haraway's recent book, Primate Visions, has been called "outstanding," "original," and "brilliant," by leading scholars in the field. (First published in 1991.)

'This book will open your eyes, mind and heart to a way of being in the world that will make our world a better and more caring one.' ARCHBISHOP DESMOND TUTU, author of The Book of Joy
Ubuntu is an ancient Southern African philosophy about how to live life well, together. It is a belief in a universal human bond, which says: I am only because you are. It means that if you can see everyone as fully human, connected to you by their humanity, you will never be able to treat others as disposable or without worth. By embracing the philosophy of ubuntu it's possible to overcome division and be stronger together in a world where the wise build bridges and the foolish build walls. These 14 beautifully illustrated lessons from the Rainbow Nation are an essential toolkit to helping us all to live better, together. In stories, practical lessons and applications that recognise our common humanity, our connectedness and interdependence, Everyday Ubuntu helps us to make sense of the world and our place in it. Exploring ideas of kindness and forgiveness, tolerance and the power of listening, this definitive guide offers practical tips on how we can all benefit from embracing others and living a more fulfilling life as part of the large family to which we all belong.

What readers are saying about Everyday Ubuntu:
***** 'A concept we should all live by.'
***** 'Lots of little gems to help with everyday life.'
***** 'Must read... Very inspiring and thought-provoking.'

An empowering journey through the mechanisms of the mind from one of the world's leading mental health experts. For those in pursuit of a better life, psychiatrist Marian Rojas Estapé presents the essential guide to neuroscience-driven mindfulness. Understanding your brain, managing your emotions, and being aware of your responses to stressors can give you greater self-control. Rather than a gimmicky guidebook, this is a thorough look at how our brains react to stress, threats, hyperstimulation, and the vices of our digital age. With proven techniques backed by solid, up-to-date psychiatric research, Estapé teaches us how to make the best of our lives. Combining science, psychology, and philosophy, Estapé delivers practical advice about how we can cultivate a happy existence. This includes understanding the parts of the brain, setting healthy goals and objectives, strengthening willpower, cultivating emotional intelligence, developing assertiveness, avoiding excessive self-criticism and self-demand, and mastering the proven art of optimism.

The Murmur of Bees National Geographic Books

****Kirkus Best Books of the Year (2013)**** If you really want to know a people, start by looking inside their bedrooms. As political change sweeps the streets and squares, the parliaments and presidential palaces of the Arab world, Shereen El Feki has been looking at an upheaval a little closer to home—in the sexual lives of men and women in Egypt and across the region. The result is an informative, insightful, and engaging account of a highly sensitive and still largely secret aspect of Arab society. Sex is entwined in religion, tradition, politics, economics, and culture, so it is the perfect lens through which to examine the complex social landscape of the Arab world. From pregnant virgins to desperate housewives, from fearless activists to religious firebrands, from sex work to same-sex relations, *Sex and the Citadel* takes a fresh look at the sexual history of the region and brings new voices to the debate over its future. This is no peep show or academic treatise but a highly personal and often humorous account of one woman's journey to better understand Arab society at its most intimate and, in the process, to better understand her own origins. Rich with five years of groundbreaking research, *Sex and the Citadel* gives us a unique and timely understanding of everyday lives in a part of the world that is changing before our eyes.

Dark Constellations Abrams

From the globally acclaimed, best-selling novelist and author of *We Should All Be Feminists*, a timely and deeply personal account of the loss of her father. "Essential." —Booklist Notes on Grief is an exquisite work of meditation, remembrance, and hope, written in the wake of Chimamanda Ngozi Adichie's beloved father's death in the summer of 2020. As the COVID-19 pandemic raged around the world, and kept Adichie and her family members separated from one another, her father succumbed unexpectedly to complications of kidney failure. Expanding on her original *New Yorker* piece, Adichie shares how this loss shook her to her core. She writes about being one of the millions of people grieving this year; about the familial and cultural dimensions of grief and also about the loneliness and anger that are unavoidable in it. With signature precision of language, and glittering, devastating detail on the page—and never without touches of rich, honest humor—Adichie weaves together her own experience of her father's death with threads of his life story, from his remarkable survival during the Biafran war, through a long career as a statistics professor, into the days of the pandemic in which he'd stay connected with his children and

grandchildren over video chat from the family home in Abba, Nigeria. In the compact format of *We Should All Be Feminists* and *Dear Ijeawele*, Adichie delivers a gem of a book—a book that fundamentally connects us to one another as it probes one of the most universal human experiences. *Notes on Grief* is a book for this moment—a work readers will treasure and share now more than ever—and yet will prove durable and timeless, an indispensable addition to Adichie's canon.

Women & Power Penguin

The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect "antidote to mansplaining" (*The Stranger*). In her comic, scathing essay "Men Explain Things to Me," Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note—because the ultimate problem is the silencing of women who have something to say, including those saying things like, "He's trying to kill me!" This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf's embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. "In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized." —The New York Times "Essential feminist reading." —The New Republic "This slim book hums with power and wit." —Boston Globe "Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society." —San Francisco Chronicle "Essential." —Marketplace "Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions." —Salon

SHORTLISTED FOR THE BAILEY'S WOMEN'S PRIZE FOR FICTION 'A delicious, important novel' The Times 'Alert, alive and gripping' Independent 'Some novels tell a great story and others make you change the way you look at the world. *Americanah* does both.' Guardian As teenagers in a Lagos secondary school, Ifemelu and Obinze fall in love. Their Nigeria is under military dictatorship, and people are fleeing the country if they can. Ifemelu—beautiful, self-assured—departs for America to study. She suffers defeats and triumphs, finds and loses relationships and friendships, all the while feeling the weight of something she never thought of back home: race. Obinze—the quiet, thoughtful son of a professor—had hoped to join her, but post-9/11 America will not let him in, and he plunges into a dangerous, undocumented life in London. Thirteen years later, Obinze is a wealthy man in a newly democratic Nigeria, while Ifemelu has achieved success as a writer of an eye-opening blog about race in America. But when Ifemelu returns to Nigeria, and she and Obinze reignite their shared passion—for their homeland and for each other—they will face the toughest decisions of their lives. Fearless, gripping, spanning three continents and numerous lives, *Americanah* is a richly told story of love and expectation set in today's globalized world.

Todos deberíamos ser feministas / We Should All Be Feminists Bloomsbury Publishing USA

With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the *Washington Post Book World* as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.
