Finding the Answers to Legal Questions NOLO

Originating in the 1920s as part of a movement to build planned urban neighborhoods, garden apartments have come to dominate rental housing production in the United States. Currently, nearly half of all rental starts consist of these low-rise apartments in open space multifamily complexes. What types of people live in these developments, and how have they changed since the early-1970s? This book presents the findings of samples of garden apartment tenants nationwide and in New Jersey, comparing them with the prior baseline data. The volume will be particularly useful to planning and real estate professionals concerned with up-to-date trends in the rental housing market. It will also be of interest to those concerned about the relationship between post-World War II American architecture and social values.

A new way forward for sustainable quality of life in cities of all sizes Strong Towns: A Bottom-Up Revolution to Build American Prosperity is a book of forward-thinking ideas that breaks with modern wisdom to present a new vision of urban development in the United States. Presenting the foundational ideas of the Strong Towns movement he co-founded, Charles Marohn explains why cities of all sizes continue to struggle to meet their basic needs, and reveals the new paradigm that can solve this longstanding problem. Inside, you'll learn why inducing growth and development has been the conventional response to urban financial struggles—and why it just doesn't work. New development and high-risk investing don't generate enough wealth to support itself, and cities continue to struggle. Read this book to find out how cities large and small can focus on bottom-up investments to minimize risk and maximize their ability to strengthen the community financially and improve citizens' quality of life. Develop in-depth knowledge of the underlying logic behind the "traditional" search for never-ending urban growth Learn practical solutions for ameliorating financial struggles through low-risk investment and a grassroots focus Gain insights and tools that can stop the vicious cycle of budget shortfalls and unexpected downturns Become a part of the Strong Towns revolution by shifting the focus away from top-down growth toward rebuilding American prosperity Strong Towns acknowledges that there is a problem with the American approach to growth and shows community leaders a new way forward. The Strong Towns response is a revolution in how we assemble the places we live.

Landlord and Tenant Cengage Learning

Following on from a consultation paper (Consultation paper 174; ISBN 0117302562) published in January 2004, this report contains proposals for reform of the law regarding the termination of a tenancy during its term, by a landlord, due to the tenant having broken the terms of the tenancy agreement. It sets out, in the form of a draft Bill, a new statutory scheme for the termination of tenancies, including a new concept of 'tenant default', to replace the current law of forfeiture. The proposed scheme would define the circumstances in which a landlord may seek to terminate a tenancy early, require the landlord to warn the tenant of the impending action by giving a written notice, and confers enhanced protection on those with interests deriving out of the tenancy. The report is divided into eight parts with three appendices, and issues considered include: problems with the current law of forfeiture of tenancies and the case for reform; the various components of the proposed scheme, including the concept of tenant default and the stages of a landlord's 'termination claim'; and the role of the court.

This volume contains an unprecedented range of material ideal for attorneys, property managers, landlords, and renters' associations! The general statutory scheme of landlord tenant law is presented in a narrative manner, organized by section. History notes and case law annotations enrich the material to create a full picture of the law. Many common issues, such as non-payment proceedings, pet cases, and eviction are covered in detail, often from both the landlord's and the tenant's viewpoint. Following the authored narration, a selection of full-text statutes are included for reference. In addition to statutes, a significant collection of sample forms are included as guidance - forms for residential leases, commercial leases, notices to tenants and forms for many court proceedings are included. Finally, selections from Uniform rules (for NYC civil courts, courts outside the city, and district courts) are included, as is the full text of *Park West Management*

*Corp. v. Mitchell*, regarding the issue of damages in the case of a breach of an implied warranty of habitability.
