Bestselling author Lauraine Snelling shares a heartfelt story of a couple who put their plans for a peaceful retirement on hold to assume guardianship of their young grandchildren. Mona and Ken Sorenson are approaching the best years of their lives. Mona's greatest concern is that Ken will learn of the surprise party she's planning for his retirement from his job as Dean of Students at Stone University. They've already been making plans to travel, spend limitless hours in the

garden, and Ken is looking forward to working on his woodworking and fishing with his grandchildren. It's what they deserve after years of careful planning. But things begin to unravel when Ken learns that office politics are about to destroy his department. Can he really just leave, abandoning the work he spent a lifetime achieving? Mona is eager to build her event planning business with Ken's help, but rather than supporting her, he expresses concern that the stress of the work will send her back into the depression she struggles with. Then, just days before Ken's last official day of work, their son, a Special Forces officer in the Army, learns he's being immediately deployed on a six-month mission in

Pakistan. Since his wife left him, the only people he trusts to care for his two young children are his parents. In an instant, everything Ken and Mona spent their lives planning changes, and they will need to find strength, both physical and mental, to become parents once more. This is not the second half they wanted, and when their son fails to contact them as planned, they struggle to trust that it is God's plan, not theirs, that matters most.

- Can be used in all settings and gatherings
- Engages children with multiple learning styles using a familiar medium— LEGO® bricks Building Faith Brick by Brick offers a culturally relevant, hands-on way to explore faith stories with

a broad range of ages. It grew out of one congregation's realization that there was a large group of first-grade boys who needed to engage in a new way of interacting with the biblical story. Knowing how much Lego® bricks continue to be popular with children, the author dug deep into the well of creativity and an enormous bin of little plastic building bricks to meld together a new way of teaching the stories of God. This book offers the methodology as well as 30 Old Testament and 24 New Testament stories with lesson plans. For Christian educators, Christian schools, vacation Bible schools, parents, grandparents, godparents—anyone who desires to engage in sharing faith and biblical stories in any setting.

Designing a Vacation Bible School program, as opposed to choosing one of the many off-the-shelf packages, is a labor of love. It considers the unique perspective of children and invests accordingly. It's a home-cooked meal compared to fast food. It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time. Well-designed VBS programs speak to children with respect, love, and patience, offering opportunity for authentic spiritual growth, not to mention an intentional theology that is reflective of

the church. Finally, custom-designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts. This book provides Christian educators with the tools they need to assess the needs and resources in their congregation, and to craft a creative program in response to that assessment. The Best VBS Workbook Ever offers direction and suggestions on theme, structure, logistics, program, activities, staffing and promotion.

When LGBT+ loved ones come out, parents can experience shock. Fear and grief can disable their initial reaction. Emotions erupt. Hurtful words spill. Trust is damaged. Relationships become disconnected. Meanwhile, in the church, LGBT+ people often hear impossible hurdles and suspicion about their faith. One courageous disclosure can be met with a response that communicates, "I don't understand you" or "You are not welcome here." Guiding Families offers a relationally honoring, biblically sound path forward. It is being called "the single best resource" for parents and pastors when LGBT+ people come out. Author Bill

Henson's heart for Guiding Families flows from over a decade of experience training church leaders and caring for LGBT+ people and their families. He is creator of Posture Shift, the leading training and consulting resource on LGBT+ inclusion and relational care in the conservative church.

Understand, this book is not written to make you feel bad or condemn you if you have not engaged others with the gospel message. This book is written to encourage and inspire you. Even though pastor and author Greg Laurie is a "gospel-presenting professional," in this book he tells stories of his own failure and success. The most important things you will find here are biblical principles that

you can apply yourself. Taken from the life and witness of Jesus, and tested over Greg's forty years of ministry, in both one-on-one experiences and large-scale evangelistic arena and stadium events, these ideas are intended to mobilize every person in the church to "Tell Someone" about Jesus Christ.
