A Survey of Literary Criticism of George Eliot's Scenes of Clerical Life Victorian Life & Literature

Latimer is cursed with psychic abilities that allow him to see the future, yet he's unable to avoid the dark turn of his own life. What many consider a gift, he sees as a curse that has destroyed his ability to have normal relationships. Latimer can hear people's deepest thoughts and has visions of their impending future. It's a power he acquired at a young age following a brief illness. Latimer loathes his ability, as it has made it nearly impossible for him to make genuine connections. He unknowingly uncovers dark secrets that reveal the worst of humanity. Despite this foresight, Latimer's desire to control his own narrative blinds him to an inevitable outcome. The Lifted Veil is a unique entry in Eliot's literary catalogue. It was released the same year as her debut novel, Adam Bede, and is a stark departure from her usual themes. It highlights a different point-of-view and Eliot's diverse storytelling ability. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Lifted Veil is both modern and readable.

Fionnuala Dillane revisits the first decade of Marian Evans's working life to explore the influence of the periodical press on her emergence as George Eliot and on her subsequent responses to fame. This interdisciplinary study discusses the significance of Evans's work as a journalist, editor and serial-fiction writer in the periodical press from the late 1840s to the late 1850s and positions this early career against critical responses to Evans's later literary persona, George Eliot. Dillane argues that Evans's association with the nineteenth-century periodical industry, that dominant cultural force of the age, is important for its illumination of Evans's understanding of the formation of reading audiences, the development of literary genres and the cultivation of literary celebrity.

But, my dear madam, it is so very large a majority of your fellow-countrymen that are of this insignificant stamp. At least eighty out of a hundred of your adult male fellow-Britons returned in the last census are neither extraordinarily silly, nor extraordinarily wicked, nor extraordinarily wise; their eyes are neither deep and liquid with sentiment, nor sparkling with suppressed witticisms; they have probably had no hairbreadth escapes or thrilling adventures; their brains are certainly not pregnant with genius, and their passions have not manifested themselves at all after the fashion of a volcano.

A New Yorker writer revisits the seminal book of her youth--Middlemarch--and fashions a singular, involving story of how a passionate attachment to a great work of literature can shape our lives and help us to read our own histories. Rebecca Mead was a young woman in an English coastal town when she first read George Eliot's Middlemarch, regarded by many as the greatest English novel. After gaining admission to Oxford, and moving to

the United States to become a journalist, through several love affairs, then marriage and family, Mead read and reread *Middlemarch*. The novel, which Virginia Woolf famously described as "one of the few English novels written for grown-up people," offered Mead something that modern life and literature did not. In this wise and revealing work of biography, reporting, and memoir, Rebecca Mead leads us into the life that the book made for her, as well as the many lives the novel has led since it was written. Employing a structure that deftly mirrors that of the novel, *My Life in Middlemarch* takes the themes of Eliot's masterpiece--the complexity of love, the meaning of marriage, the foundations of morality, and the drama of aspiration and failure--and brings them into our world. Offering both a fascinating reading of Eliot's biography and an exploration of the way aspects of Mead's life uncannily echo that of Eliot herself, *My Life in Middlemarch* is for every ardent lover of literature who cares about why we read books, and how they read us.

The Critical Heritage gathers together a large body of critical sources on major figures in literature. Each volume presents contemporary responses to a writer's work, enabling students and researchers to read for themselves, for example, comments on early performances of Shakespeare's plays, or reactions to the first publication of Jane Austen's novels. The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion, and little published documentary material such as letters and diaries. Significant pieces of criticism from later periods are also included, in order to demonstrate the fluctuations in an author's reputation. Each volume contains an introduction to the writer's published works, a selected bibliography, and an index of works, authors and subjects. The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period (in slipcase boxes) and as individual volumes.

When *Scenes of Clerical Life*, George Eliot's first novel, was published anonymously in Blackwood's Edinburgh Magazine in 1857, it was immediately recognized, in the words of Saturday Review, as 'the production of a peculiar and remarkable writer'. The first readers, including Dickens and Thackeray, were struck by its humorous irony, the truthfulness of its presentation of the

lives of ordinary men and women, and its compassionate acceptance of human weakness. We are happy to announce this classic book. Many of the books in our collection have not been published for decades and are therefore not broadly available to the readers. Our goal is to access the very large literary repository of general public books. The main contents of our entire classical books are the original works. To ensure high quality products, all the titles are chosen carefully by our staff. We hope you enjoy this classic.

Dennis Bacchus is a man who has outlived himself. HIV-positive and prepared to die at any minute, he finds himself in the late 1990s blessed with life-giving drugs, supportive friends, a boom economy, and an era of never-ending celebration—and he doesn't know what to do with himself. For ten years he has traveled and celebrated a curtailed life with the similarly infected Jimmy and, though Dennis was never that close to Jimmy, he decided to let the friendship run its course to the end. Now there's no end in sight. Stuck with leftover friendships, careers, and commitments, what can a man do but become a priest? The Boom Economy covers what was supposed to be the last decade of Dennis Bacchus' life, but turns out to be the first decade of the rest of it. The Boom Economy is a novel about conversion—not just seroconversion or religious conversion, but all of the social, spiritual, and emotional problems of changing from one life to another. At once raucous and serious, pagan and saintly, it's a look at the way we live now. Again.

Why do readers claim that fictional worlds feel real? How can certain literary characters seem capable of leading lives of their own, outside the stories in which they appear? What makes the experience of reading a novel uniquely pleasurable and what do readers lose when this experience comes to an end? Since their first publication, nineteenth-century realist novels like *Pride and Prejudice* and *Anna Karenina* have inspired readers to describe literary experience as gaining access to vibrant fictional worlds and becoming friends with fictional characters. While this effect continues to be central to the experience of reading realist fiction and later works in this tradition, the capacity for novels to evoke persons and places in a reader's mind has often been taken for granted and even dismissed as a naive phenomenon unworthy of critical attention. When *Fiction Feels Real* provides literary studies with new tools for thinking about the phenomenology of reading by bringing narrative techniques into conversation with psychological research on reading and cognition. Through close readings of classic novels by Jane Austen, Charles Dickens, George Eliot, and Leo Tolstoy, and the elegies of Thomas Hardy, Elaine Auyoung reveals what nineteenth-century writers know about how reading works. Building on well-established research on the mind, Auyoung exposes the underpinnings of the seemingly impossible achievement of realist fiction, introducing new perspectives on narrative theory, mimesis, and fictionality. When *Fiction Feels Real* changes the way we think about literary language, realist aesthetics, and the reading process, opening up a new field of inquiry centered on the relationship between fictional representation and comprehension.

Scenes of Clerical Life is the title under which George Eliot's first published work of fiction, a collection of three short stories, was released in book form; it was the first of her works to be released under her famous pseudonym. The stories were first published in *Blackwood's Magazine* over the course of the year 1857, initially

anonymously, before being released as a two-volume set by Blackwood and Sons in January 1858. The three stories are set during the last twenty years of the eighteenth century and the first half of the nineteenth century over a fifty year period. The stories take place in and around the fictional town of Milby in the English Midlands. Each of the *Scenes* concerns a different Anglican clergyman, but is not necessarily centred upon him. Eliot examines, among other things, the effects of religious reform and the tension between the Established and the Dissenting Churches on the clergymen and their congregations, and draws attention to various social issues, such as poverty, alcoholism, and domestic violence. PLOT-The titular character is the new curate of the parish church of Shepperton, a village near Milby. A pious man, but "sadly unsuited to the practice of his profession," [19] Barton attempts to ensure that his congregation remains firmly within the care of the Church of England. His stipend is inadequate, and he relies on the hard work of Milly, his wife, to help keep the family. Barton is new to the village and subscribes to unpopular religious ideas; not all of the congregation accept him, but he feels that it is especially important to imbue them with what he sees as orthodox Christian views. Barton and Milly become acquainted with Countess Caroline Czerlaski. When the Countess' brother, with whom she lives, gets engaged to be married to her maid, she leaves home in protest. Barton and his wife accept the Countess into their home, much to the disapproval of the congregation, who assume her to be his mistress. The Countess becomes a burden on the already stretched family, accepting their hospitality and contributing little herself. With Milly pregnant and ill, the children's nurse convinces the Countess to leave. Milly dies following the premature birth of her baby (who also dies) and Barton is plunged into sadness at the loss. Barton's parishioners, who were so unsympathetic to him as their minister, support him and his family in their grief: "There were men and women standing in that churchyard who had bandied vulgar jests about their pastor, and who had lightly charged him with sin, but now, when they saw him following the coffin, pale and haggard, he was consecrated anew by his great sorrow, and they looked at him with respectful pity." Just as Barton is beginning to come to terms with Milly's death, he get more bad news: the vicar, Mr. Carpe, will be taking over at Shepperton church. Barton is given six-months notice to leave. He has no choice but to comply, but is

disheartened, having at last won the sympathies of the parishioners. Barton believes that the request was unfair, knowing that the vicar's brother-in-law is in search of a new parish in which to work. However, he resigns himself to the move and at length obtains a living in a distant manufacturing town. The story concludes twenty years later with Barton at his wife's grave with one of his daughters: Patty. In the intervening years much has changed for Barton; his children have grown up and gone their separate ways. His son Richard is particularly mentioned as having shown talent as an engineer. Patty remains with her father.... Mary Ann Evans (22 November 1819 - 22 December 1880; alternatively "Mary Anne" or "Marian"), known by her pen name George Eliot, was an English novelist, poet, journalist, translator and one of the leading writers of the Victorian era.

George Eliot (Marian Evans) as a writer of fiction is the central theme of this literary life. The events of Eliot's formative years, together with the growth of her renowned intellect, are outlined,

giving us an insight into the creative talent responsible for some of the best-known novels in the English-language. Her views on other novels and novelists are detailed and we follow the development of her craft as writer as it evolved from the faithful representation of everyday life, as in *Scenes of Clerical Life*, through to the more complex considerations of *Middlemarch* and *Daniel Deronda*.

This study explores the ways in which George Eliot's involvement with contemporary scientific theory affected the evolution of her fiction. Drawing on the work of such theorists as Comte, Spencer, Lewes, Bain, Carpenter, von Hartmann and Bernard, Dr Shuttleworth shows how, as Eliot moved from *Adam Bede* to *Daniel Deronda*, her conception of a conservative, static and hierarchical model of society gave way to a more dynamic model of social and psychological life.
