Ultimate Bass Boats is the

definitive guide-book to

bass boats and bass

boating. From choosing a

bass boat that fits your

fishing style to boat

rigging tips for top

performance, Ultimate

Bass Boats is a complete

resource for the dedicated

bass angler. How-to

expert and experienced

outdoorsman Monte Burch

takes an in-depth look at

the extraordinary

watercraft that power

anglers in pursuit of

America's most popular

game fish. Ultimate Bass

Boats provides a

comprehensive look at the

modern bass boat. Learn

how the top bass pros rig

their boats for speed,

performance, and

fishability and discover

the inside boat rigging

secrets of the bass

tournament pros. Other

sections explain how to

choose the best outboard

and how to achieve top

performance and

maximum efficiency.

Monte Burch teaches you

the art of driving a bass

boat like a professional

whether at top speed or

while stalking that big

lunker with a trolling

motor. Stoeger's new

Ultimate Bass Boats

includes a set of detailed,

step-by-step instructions

that let you rig your own

16-foot custom aluminum

bass boat. From

adjustable fishing seats to

a quick release trolling

motor mount, master

how-to author Monte

Burch provides all the

direction you need to

build a fully-outfitted bass

boat.

Order of Battle of the United States Land Forces in the World War Sheridan House, Inc. The influence on Ovid of Hesiod, the most important archaic Greek poet after Homer, has been underestimated. Yet, as this book shows, a profound engagement with Hesiod's themes is central to Ovid's poetic world. As a poet who praised women instead of men and opted for stylistic delicacy instead of epic grandeur, Hesiod is always contrasted with

Homer. Ovid revives this epic rivalry by setting the Hesiodic character of his *Metamorphoses* against the Homeric character of Virgil's *Aeneid*. Dr Ziogas explores not only Ovid's intertextual engagement with Hesiod's works but also his dialogue with the rich scholarly, philosophical and literary tradition of Hesiodic reception. An important contribution to the study of Ovid and the wider poetry of the Augustan age, the book also forms an excellent case study in how the reception of previous traditions can become the driving force of poetic creation.
